## Zirkusstadt Mugg im Glarnerland und Chillen auf dem oberen Zürichsee

Meilen, May 16, 2018

*Dear relatives*

Last year we were invited by a friend to a private party in the Circus Town of Mugg in Bettswanden in the Canton of Glarus. We liked the event so much that we decided on the spot to make a reservation for Sprenger Day in 2018. - Entertainment, activity and cuisine are provided. Look forward to a special day!

As usual, the day starts with the bus-collecting tour, starting point is Neftenbach with stops in Winterthur, Erlenbach, Meilen and Rapperswil. For once, the folks of Eastern Switzerland have an early start! To the St. Gallen people we recommend to travel by train to Rapperswil. This will substantially shorten their travelling.

What may you expect at Mugg's Circus? Let yourself be surprised! The circus family and the clown Mugg know how to pamper us with culinary delights, amaze us and encourage us to try one trick or another. Mugg fascinates us with magic and makes laugh old and young with acrobatic stage comedy.

Other topics are: Fun-bike park, photo shooting, various disciplines in the Grand Chapiteau tent etc.

After lunch as well as much action and fun, we will leave the circus city at 16:15 and drive in a good hour to the second highlight of the day. In Rapperswil we will board the event boat "MS-Rosenstadt".

The boat will take us for a one-and-a-half-hour tour around the islands of Ufenau and Lützelau, in the upper lake of Zurich and in the Kempratener bay. On board we hope to enjoy the beautiful scenery in the evening sunshine on the upper deck while relishing a farewell season time buffet. On the boat we hopefully will close one more cozy family day (Nr 74).

We look forward to your registrations or cancellations by **August 4, 2018** at the latest.

fondly,

*Iris and Paul Sprenger*
